[Funk Flex]

Oh shit

[Bow Wow]

So So to the Def, uh uh, J.E., Bow Wow

6 in the mornin, moms at my door

Air force all whited, cross the kitchen floor

Gotta interview the Dew, I ain't tryin to be late

But I can't leave the house without my Funk Flex tape

You know me, A.K.A little Cold Crush

Keep it hoppin like a 6-4 juiced up

Keep it poppin from the Tunnel to the plush

So So Def, yeah that's us

[Jagged Edge]

Tell me how can you, believe everything you hear

She ain't tellin you, cuz she really wants to be here, with
me

And she would do anything to get with me so please

Don't believe a thing that she says to you
