Girl, you're lookin' sweeter now
You got it every day, girl
Wish that I could love you now
In a special way

You light my fire
I feel alive with you, baby
You blow my mind
I'm satisfied

Outstanding (So outstanding, yeah)
Girl, you knock me out
Excited (I'm so excited, baby)
It makes me wanna shout (Baby)

Gee, I feel so lucky, girl
To have you all alone
I really love the way you love me
Forever I'll be yours

You blow my mind, baby
I'm so alive with you, baby
You blow my mind, baby
