A yo, a yo, a yo, a yo,
I rock short sleeve shirts and long sleeve shirts
Your freestyle's hot though your songs need work.
Ya shit stay in the hood while my songs leave earth
Every 16 I drop a concrete verse.
Smack is just like a brick to a skull more slicker than
dull
Queensbridge nigga hit you for sure.
Change the locks on your door niggas still get through
It ain't a muthafucking thing I ain't willing to do (home
boy)
It ain't no killer in you ya half-tough
F there (???) don't make me tear that ass up
We could do it all day or til we winded or injured
Sit back and have a few drinks and end it
You push the issue I push you deep in grave
Wilder than a Puerto Rican parade
Keep the thing wit me all the time even when I'm going
to court
I'm prepared I don't know what you thought
Yall don't here me though

(chorus 1x)

Never been afraid, nigga never once choked
catch me in the projects if you want coke
Catch me in the mic both if you want hits say what you
want bitch I know you
want this

(verse2)

A yo A yo A yo
I know the roaches get big, the showers stay cold
The clinic stay packed, the power stay sold
Niggas showing off no matter how much they sold

Fuck the cops, they fowler than us and they know
They just pick a nigga, cuff a nigga
Run em in do the same to another nigga
Once again it's a high ass bill, we need Cochran to free
us
Yo we gotta do something Cause they not gonna free
us.

Fuck that, my man Jay used to play for the Dogers
Hurt his hamstring now he watches
Got hoes topless and other hoes totally nude
But he keep them to his self and me supposed to be
schooled
Type of nigga that'll show me the wolves and try to pet
them
Getting to hot I perspire venom I put the fire in them
Make it so they never cool off
And when the smoke clears tell me who lost
They don't hear me though

(chorus 1x)

I know you want this
I know you want this
You know you need this
What, Wild gremlins, 2000
Funk Flex, Queens Bridge
Nature, Big Joey
Yall niggas Know
