It's late at night and we're all alone, with just the music
of the radio

No one's coming, no one's gonna telephone
Just me and her and the lights down low - and we're

Chorus:

Slow dancin', swaying to the music, slow dancin', just
me and my girl

Slow dancin', swaying to the music, no one else in the
whole wide world

In the whole wide world.

And we just flow together when the lights are low

The shadows dancing across the wall

The music plays so soft and slow

And the rest of the world so far away and small

(Chorus)

Hold me, she said hold me, I'll never let her go.

And as we dance together in the dark

There's so much love in this heart of mine

She whispers to me and I hold her tight

She's the one I thought I'd never find

(Chorus)
