Closed minds, lead to open wounds  
Closed-minded people have sealed their tomb

Organize and educate, separate the church and state  
Familiarize your own mind, with the problems of the  
time  
Realize and vindicate, don't let others seal your fate  
Socialize and procreate, teach the kids facilitate

Closed minds, lead to open wounds  
Closed-minded people have sealed their tomb

Vocalize and dedicate, better world know you'll make  
Populate in the outer space, expanding on the human  
race  
Exterminating those that kill, and that void you never  
fill  
Penetrating the way they think, and a cup of life you'll  
drink

Closed minds, lead to open wounds  
Closed-minded people have sealed their tomb

Speculate on leadership, those who control the men  
Super size and masturbate, those are words we love to  
say  
Optimizing all your time, don't you waste it in a line  
Open up your mind today and you'll live a better way

Closed minds, lead to open wounds  
Closed-minded people have sealed their tomb  
Closed minds, lead to open wounds  
Closed-minded people have sealed their tomb

Open your fucking mind and grasp  
Open your fucking mind  
Open your fucking wings dumb ass  
And learn to fly  
Open your fucking mind and grasp  
Open your fucking mind  
Open your fucking wings dumb ass  
And learn to fly
