I want to want to fight the world
I said I want to fight the world
Want to want to fight the world
I said fight, fight, fight, fight the world

I want to want to fight the world
I said I want to fight the world
Want to want to fight the world
I said fight, fight, fight, fight the world

Let me start to enlighten you
Let me sing you words so true
The meaning of life is a simple one
But the truth it holds it weighs a ton
The meaning of life I'm happy to give
The meaning of life it is to live
So why don't you get up off your ass
And quit letting precious time go past

I want to want to fight the world
I said I want to fight the world
Want to want to fight the world
I said fight, fight, fight, fight the world

I want to want to fight the world
I said I want to fight the world
Want to want to fight the world
I said fight, fight, fight, fight the world

With the new knowledge you now hold
Go ahead and try to conquer the world
This was meant to be a crazy life
Just don't let it make you a sacrifice
People will always tell you loud
Can't do that, no way, no how
Don't you listen, no don't you dare
Pay them no mind you pay them no care

I want to want to fight the world
I said I want to fight the world
Want to want to fight the world
I said fight, fight, fight, fight the world

I want to want to fight the world
I said I want to fight the world
Want to want to fight the world
I said fight, fight, fight, fight the world

Take your head and hold it high
Never say quit, no never say die
You may stumble and you may fall
But simple mistakes they don't matter at all
The battle is just a part of a larger war
Plenty of time to settle the score
Failure is a word as meaningless as sin
I see it in you to challenge and win

I want to want to fight the world
I said I want to fight the world
Want to want to fight the world
I said fight, fight, fight, fight the world

I want to want to fight the world
I said I want to fight the world
Want to want to fight the world
I said fight, fight, fight, fight the world

Fight, The, World
