If it's Government hold you down, then it's Government  
we don't like

If it's Babylon hold you down, then it's Babylon we don't  
like

If it's Government hold you down, then it's Government  
we don't like

If it's Babylon hold you down, then it's Babylon we don't  
like

Step to the light, raise my hands to fight  
Convince me I'm no good, say you never should  
Make it what you will, make it all your own  
Wrap it up and name it, put it in your home

If it's Government hold you down, then it's Government  
we don't like

If it's Babylon hold you down, then it's Babylon we don't  
like

If it's Government hold you down, then it's Government  
we don't like

If it's Babylon hold you down, then it's Babylon we don't  
like

Dream it up today, it can, can come true  
Man dreamed of flying & then he flew  
You have that power, inside of you  
If I could explain it, it you only knew

If it's Government hold you down, then it's Government  
we don't like

If it's Babylon hold you down, then it's Babylon we don't  
like

If it's Government hold you down, then it's Government  
we don't like

If it's Babylon hold you down, then it's Babylon we don't  
like

This is your time now, this your chance  
Please hear there words now, please take a stand  
Don't let me waste now, all of this breath  
Put it to yourself now, put it to test

If it's Government hold you down, then it's Government  
we don't like  
If it's Babylon hold you down, then it's Babylon we don't  
like  
If it's Government hold you down, then it's Government  
we don't like  
If it's Babylon hold you down, then it's Babylon we don't  
like
