Money, power, and all that greed  
Just exactly what we need  
Money, power, and all that greed  
Just exactly what we need

Take some special time to breathe  
Open your mind and start to see  
No one man can ever explain  
Since no two men see the same

Money, power, and all that greed  
Just exactly what we need  
Money, power, and all that greed  
Just exactly what we need

All your days are not your own  
You're just a number on a loan  
Find a way to be a part  
Of this eternal work of art

Money, power, and all that greed  
Just exactly what we need  
Money, power, and all that greed  
Just exactly what we need

Open your eyes inside your mind  
Expanding your thoughts through space and time  
Reach far out towards the stars  
Tearing down walls and breaking through bars

Money, power, and all that greed  
Just exactly what we need  
Money, power, and all that greed  
Just exactly what we need

All about the savings and loans  
Desperate actions, tapping phones  
Time to rise up on our feet  
Dropping the pride so minds can meet

Money, power, and all that greed  
Just exactly what we need

Money, power, and all that greed  
Just exactly what we need

Got to find a way to be  
Got to open our eyes and see  
Can't be a part of this basic plan  
Need to start to understand

Money, power, and all that greed  
Just exactly what we need  
Money, power, and all that greed  
Just exactly what we need  
Money, power, and greed, now go fuck off
