come on in  
i need your hands to bring me round

if you walk right in  
i had two tired hands to bring you round

and i could walk more easily  
if you were not my baby

all these things  
the morning brings me  
fade into it all

if it's good enough  
it's you i love for  
all these things  
and more

stay  
sleep could make things clear

so tired baby  
everything is clearer now

i could walk more easily  
if you were not my baby

all these things  
the morning brings me  
fade into it all

if it's good enough  
it's you i love for  
all these things  
and more

all these things and more

all these  
all these...

and i could walk away  
and i could walk more easily

all these things  
the morning brings me  
fade into it all

if it's good enough  
it's you i love for  
all these things  
and more

all these...  
all these...

if it's good enough  
it's you i love for  
all these things  
and more

all these things and more
