because...
because i don't think you do
because...
because i don't act like you do

do you think it matters
do you think it really matters

because
because i don't want to be here
because
because i don't want to stay here

do you think it matters
do you think it really matters
do you think it matters
do you think it really matters

i hope, you'll find, one day aligned
between your day, and my night

this time
this time i will go my own
this time
this time i will think what you say

and do you think it matters
do you think it really matters
do you think it matters
do you think it really matters

when i grow up
to be a man
like you are
maybe then you can say
'i told you so'

if i grow up
to be a man
that you are
baby then i will say

that you knew better

but do you think it really matters

i hope i grow up just like you
i hope i grow up just like you
i hope i grow up just like you
i hope i grow up just like you
i hope i grow up just like you
i hope i grow up just like you
i hope i grow up just like you
i hope i grow up just like.
