All is good in here tonight
All across the water
All is cool and cool as light
We walk into the Ocean
You have found me here tonight
Underneath the water
I am drowning you are right
We walk into the ocean
Fairly Loaded
Fairly Low
Its just you and me tonight

We could walk on water
You are fading into light
We walk into the Ocean
Fairly Loaded
Fairly Low
And all I ever have to say
And all I ever want to be
And all I ever really need is you
Fairly Loaded
Fairly Low
