"Two Days"

Look at all my babies I have covered them with water
I've never found a better way, to make the children stay
Look at all my children, they are pissing in the water
Probably the neighbours dog, will want to come and
play with them
For free
Too warm too far too much to say
Look at all my cutlery it's sunken in the water
I've broken all my dishes, cut my finger and it's
bleeding now

So free
Too warm too far too much to say
Now if you'll be my baby
I'd be proud to be your girlfriend
And maybe we'd get married
And I'd have to come and stay with you
For free
Yeah I'd be free
But it's too warm too far too much to say
It's only been two days and I've forgotten what you look
like
I've forgotten what you look like
