A call to war upholds us, uncoiled forces roam.  
Throughout before hell feeds us, our colours shone!  
Shone! Shone!  
Unlasting cries of reason, avenge our primal urge.  
Becoming, storming nearer, our vicious armies surge!

Veiled in black!  
Against all odds are stacked!  
Bow below our lightening force.  
Thunder Attack!

Sworn blasphemous! Ever buckling to our demands.  
Redflame leads us! From our shores onto your sands.

Uncreate controlling, unmercy rages free  
A savage unfolding, beneath us... bleed!  
No win without destruction, no corner left unscathed.  
Persevere without obstruction, black triumph,  
engraved.

Battle won!  
Endless damage done!  
Standing before us... no one!
