Time takes a hold
I know you're waiting
But now you're fading from me

Hope against hope
I heard you callin' out
But now you're fallin' out of reach

Come back alright
Come back alright
Come back, I can't let you go

I want you to know
You were already
Already gone aren't you?
Already gone aren't you?
Already, can't let you go
Already gone aren't you?
Already gone aren't you?
Already, can't let you go

Hope against hope
I know you're waitin'
But now you're fadin' from me

Time takes a hold
I hear you callin' out
But now you're fallin' out of reach

Come back alright
Come back alright
Come back, I can't let you go

I want you to know
You were already
Already gone aren't you?
Already gone aren't you?
Already, can't let you go
Already gone aren't you?
Already gone aren't you?
Already, can't let you go

Come back alright
Come back alright
Come back, I can't let you go

Come back alright
Come back alright
Come back, I can't let you go

Already gone aren't you?
Already gone aren't you?
Already, can't let you go
