We live and we learn and we crash and we burn and
we're gone
We take what we know and we learn as we go and we
run

Run until that day, we can see who we are
Have the final say, we keep being who we are
As love lights the way to the last day
And no one can take it away

Run and hide
(Run and hide)
Don't hide at all
(Don't hide at all)
Change is coming
Know it's nothing personal

Live our lives
(Live our lives)
Now hide it all
(Now hide it all)
Change is coming
Know it's nothing personal

We live and we learn and we crash and we burn and
we're gone
(We live and we learn and we crash and we burn and
we're gone)
We take what we know and we learn as we go and we
run

Run until that day, we can see who we are
Have the final say, we keep being who we are
As love lights the way to the last day
And no one can take it away

Run and hide
(Run and hide)
Don't hide at all
(Don't hide at all)
Change is coming
Know it's nothing personal

Live our lives
(Live our lives)
Now hide it all
(Now hide it all)
Change is coming
Know it's nothing personal

We live and we learn and we crash and we burn and
we're gone
(We live and we learn and we crash and we burn and
we're gone)
We take what we know and we learn as we go and we
run
(We take what we know and we learn as we go and we
run)

We live and we learn and we crash and we burn and
we're gone
(We live and we learn and we crash and we burn and
we're gone)
We reap what we sow and we come and we go when
we're young
