I'll pine as a matter of course
But I don't get lonely anymore
And I'll touch as a matter of course
But I don't feel nothing anymore
And I'll screen for all manner of symptoms
But I won't suffer anymore
And I'll move as a matter of course
But I can't feel the movement anymore

Your silence is gold
It's mine for the road
What marvelous methods you have
Encoding your message in binary
As endless lines of 1's and 0's

I'll wait for a matter of time
Till I don't have to stave off anymore
And I'll fight as a matter of pride
Cause I don't have the patience anymore
And I'll save what needs a good saving
But I won't savor anymore
And I'll love as a matter of course
Cause I won't feel the anger anymore

Your silence is gold
It's mine for the road
What marvelous methods you have
Encoding your message in binary
As endless lines of 1's and 0's
Your vengeance is cold
The victims are told
What marvelous venom you have
Infecting, you paralyze silently
In needles laced with pheromones

Rest yourself at ease, my little girl
These troubles will bind us at our souls
Like rusted machines
Rest yourself at ease, my little girl
These troubles will bind us at our souls
Like rusted machines

Rest yourself at ease, my little girl
These troubles will bind us at our souls
Like rusted machines
Rest yourself at ease, my little girl
These troubles will bind us
These troubles will bind us
