Watch somebody fall from grace  
When there's nobody there to take their place  
You can't help but feel alone  
You left guilt in your own device  
There was no one there to tell you to think twice  
You can't help but feel alone

All the times we were losing sight  
There's eternal, there's no light alone  
It could be someone you know  
The times we felt all the pain is real  
We couldn't help the way we feel, come on  
This could be someone you know

This life keeps calling  
This life keeps calling on and on  
This life keeps calling  
This life, it keeps calling on and on

Take my soul I  
Take my soul I  
Break my heart I'm  
Ready ready ready' when you are

Take my soul I  
Break my heart I'm  
Ready ready ready

You watch somebody turn away  
You've waited all of your life to see one day  
You can't help but feel alone  
And all the times we were losing sight  
There's no shadows there's no light, come on  
This could be someone you know

This life keeps calling  
This life keeps calling on and on  
This life keeps calling  
This life, it keeps calling on and on

Take my soul I  
Take my soul I

Break my heart I'm  
Ready ready ready, when you are

Take my soul I  
Break my heart I'm  
Ready ready ready, when you are  
Ready ready ready  
Ready ready ready, when you are  
Ready ready ready
