how often did I wish the world  
was as quiet as this song  
how often did I wish that no one else  
would try to strmu along  
but the more I see you people the more I understand  
that everything thatÃfÃ, 's said and done  
affects the things weÃfÃ, 've planned  
might improve or destroy the things weÃfÃ, 've  
planned

how often did I wish that life was as simple as this tune

how often did I wish love and contentment would come  
soon  
it took a while but after all I start to feel  
that everything IÃfÃ, 've neatly planned takes more  
time to make it real  
and itÃfÃ, 's time , itÃfÃ, 's time that we canÃfÃ, 't steal
