My dad says I'm a hopeless case  
And that he's lost all his faith in me  
And I will never be the one

My mother says I'm a hopeless case  
And I know she means it many ways  
But I can only state my case  
I can only state my line

And I feel fine as long as I remember all of you  
And all the things you want me to do  
And I feel fine as long as I remember all of you  
And all the things you want me to do

My brother complains I'm a hopeless case  
'Cause I don't like the game he plays with me  
Thought it was plain to see

My shrink claims I'm a hopeless case  
And I have to take all these pills  
'Cause they help me to feel fine  
And will bring me back on line  
But hey, hey, hey

And I feel fine as long as I remember all of you  
And all the things you want me to do  
And I feel fine as long as I remember all of you  
And all the things you want me to do, to do, yeah

The world might say I'm a hopeless case  
And no one should daydream all these days  
But I can only state my case  
I can just repeat my line

I feel fine as long as I remember all of you  
And all the things you want me to do, to do  
And I feel fine as long as I remember all of you  
And all the things you want me to do

And I feel fine  
And I feel fine  
And I feel fine

And I feel fine

As long as I remember all, as long as I remember all  
As long as I remember all of you
