The end is here!  
There's only one way in and a thousand ways to die 2x

We're forced from out the womb  
And with no turning back  
We age forever doomed  
Flatline the mortal crash

There's only one way in and a thousand ways to die 2x

Death has many faces  
And comes at any time  
There's no hiding places  
Can't run from our demise

Engraved on a headstone  
Names, dates of the lifeless  
They rest but not in peace  
We're next to do not fight it 2x

Life is up, when the reaper points 4x

Just go quietly when the other side calls 2x

Life is up, when the reaper points 4x
