"No Time For Love"

Feelings don't get hurt they get murdered! 4x
Evil has planted it's seed
Patience been taken by greed
Power now a dying need
Bringing us all to our knees

There's not time for love just time to kill just time to kill
4x

Remorse won't enter these souls
Caring is something that's old
Suffer that's how it goes
People will reap what they've sown

There's not time for love just time to kill just time to kill
4x

The world's gone mad, out of it's mind
Don't trust no one, looks can deceive
Nothing here will ever change
Comfort by only the pain
Fingers point shifting the blame
Meanwhile were slaughtered in vain
There's not time for love just time to kill just time to kill
4x
