We made them hate
The youth of today are the dead of tomorrow
We forced their fate
Can't change their ways when their insides are so cold
We close our eyes
The blind lead the blind as their lead into sorrow
Now watch them die
The story begins as death takes one more soul

Once upon a time in the war zone
Broken hearts from broken homes
Grow up mad and all alone
On these souls the sun don't shine
Mental state ready to die
Bullet tag is now a game
Their toys kill that's how they play
Hate unloads the headlines read
Most won't live to see 18!

Dying young, dying fast
Statistics say our children will not last! 2x

Another mother cries in the war zone!
Raised in hell without no peers
Authless heazrts never show fear
Strapped with gats seeking revenge
Headlights flash spirits avenge
Living by unwritten laws
Ignorance will claim them all
In the hood walks the unblessed
Six foot deep is where they'll rest!

Dying young, dying fast
Statistics say our children will not last! 2x

Oh life takes us under, Younger and younger 4x
