I don't care about aids  
Don't need no safer sex  
I'm sharing my bed with the girl that I love  
When everyone else got the plasticmania  
I just feel skin on me  
Ohoho ohoho

Well, the doctor said boy soon it gets you  
Sharing your bed with the girl you love  
But I'm closing my eyes and soon she gets me  
I just feel skin on me  
Ohoho ohoho  
Just pure love will satisfy you

Weil, I'm riding with my chevi  
Down the san anton  
I got a girl on my knees and I call her my own  
I wanna stick it in, stick it out, stick it in  
But she won't let me in  
With my rubberless skin  
Ohoho ohoho
