No one hears the hypocrisy
No one speaks for democracy
No one sees where's the liberty
Patriots elect our misery
We're living dead, dumb, and blind 4x

The one solution, is revolution 4x

No one hears we never listen
No one speaks against the system
No one sees they make us victims
Patriots pledge to their antehms

We're living dead, dumb, and blind 4x

Wake up America 4x

No one hears the I'll intentions
No one speaks there's no objections
No one sees it's pure damnation
Patriots feed intervetion
We're living dead, dumb, and blind 4x
