("Evil" Kevin La Bounty ã,â©1997)
Kevin was a boy who tried too hard.
His feelings were hurt, and his heart was scarred.
Head down, you can make out a smile...
But inside he's always crying.
Spent some cash, and he bought a guitar.
Wrote some songs...Yeah, he's gonna' go far.
Nobody's gonna' keep him down.
Kick those girls who made him frown.
I wanna' go all the way...
Go there with you.
I wanna' do everything...
Do them with you.
I'm gonna' go all the way...
Go there with you.
I got what you ode to me.
Girlfriends are lame.
They dont use the brain they're born with...
I swear...
I can't tell you how many times I asked myself, "Why?"
But now I got back what you ode to me.
