Scooter

The coolest dj in the world

G for global

Yea we globing now

Forever

I put spicer in my date

And I strapped her with the rental

Her chasing after paper

I became a savage

A nigger set my nigger up

And game is full of madness

Sometimes I want to get beside the escalator crashing

Our pain running deeper than the ocean

Our pain running deeper than the ocean

Our pain running deeper than the ocean

Pain running deeper than the ocean

Love jacks

No more silo

I'm spiked up like a bad drink

9 to 3

That good supreme

Where all the scissile

Boy guillotine

I work hard and it came out

Our turf up

Turn the bitch off

Then I work through dead broke

To land up in a penthouse

There are no secret

When you leaking

I woke up the evening

And I seen the dim vie

I'm on that prickle danger

Trying to clear my thoughts

Nigger mown for my pain

All they see is fame

And with it brain

I paid dues

Graduated from finesse schools

I sold and proved  
I never lose  
I'm too smart  
I should have win the hard one  
Drinking at the border  
Holding maseratti

I put spicer in my date  
And I strapped her with the rental  
Her chasing after paper  
I became a savage  
A nigger set my nigger up  
And game is full of madness  
Sometimes I want to get beside the escalator crashing  
Our pain running deeper than the ocean  
Our pain running deeper than the ocean  
Our pain running deeper than the ocean  
Pain running deeper than the ocean

Take her clear draws that one time  
Like a one time  
Hey you niggers start hating on future  
For one time  
I commit a million crime  
That ain't enough for you  
I'm a sing a million rhyme  
All the shit I've been through  
I was grinding hard  
Niggers trying to hold me back  
They want to see what we can pluck  
They want to see what we sack  
I got it though  
It worked out  
I kept the lawyer  
I sits den as  
With no royal  
Niggers try to chase paper  
Then you got to take the slider screen up  
Till we get screaming  
I can sleep right  
Then they put a hit on your head  
Then you walk around with a price  
Million ain't way what you see  
I put spicer in my date  
And I strapped her with the rental  
Her chasing after paper  
I became a savage  
A nigger set my nigger up  
And game is full of madness  
Sometimes I want to get beside the escalator crashing  
Our pain running deeper than the ocean

Our pain running deeper than the ocean  
Our pain running deeper than the ocean  
Pain running deeper than the ocean
