Verse I

Like a summer needs sunrise
And a winter needs the snow
Lord this is how much I need You
Like a ship on the ocean
And a garden longs for rain
Lord this is how much I need You

Pre-Chorus

Without You in my life, I can't survive
What would I do if I didn't have You?

Chorus

I've gotta have Your love, I've gotta have You here
'Cause everything's alright whenever You're near
No matter where I am, no matter what I do
Lord in my life, I've gotta have You

Verse II

Like a dream needs a dreamer
And a bird has wings to fly
Lord this is how much I need You
Like a child to it's mother
And the body craves oxygen
Lord this is how much I need You

Pre-Chorus II

In You I'm complete, You finish me
You're my desire, all I require

REPEAT CHORUS
