Spoken Word:

With dropped jaw, I stand in awe of this masterpiece
that You have made
So many words come to mind; Magnificent, glorious,
beautiful, and sublime
Wow! Wow! Says it more accurately
Your glory illuminates the heavens as far as the eyes
can see

Verse I

Hello! Hello! I'm standing underneath Your sky with my
hands held high to You
Hello! Hello! The dawning of this brand new day makes
me want to say

Chorus

Hallelujah! Hallelujah!
Your name is great in all the earth
Hallelujah! Hallelujah!
You reign throughout the universe

Spoken Word II:

Scared to death and out of breath, my heart is
pounding at an alarming rate
You keep getting larger, while I keep getting smaller in
this vast cosmic ocean
My Lord, My God why should you offer me such eternal
grace
As my legs give way at the knees and the tears parade
down my face

Verse II

Hello! Hello! Lord it's good to know you care, that
You're always there for me
Hello! Hello! This greeting is from me to You, God of
all that's true

REPEAT CHORUS

Spoken Word III

Wide eyed and tongue tied, Your glory is more than
this human being can bear

But I'll attempt to express my love, my joy, my
excitement, and thankfulness
Holy, Holy, Holy is the Lamb that was slain
Now my life will wonderfully never ever be the same
