"Lost In Worship"

I get lost in worship
I get lost in praising You
My King, My God
I get lost in wonder
I get lost in loving You
My King, My God
I get lost in You
I lift my hands in sweet surrender
Reaching higher than the sky
For Your love, Your love
Free from all my inhibitions
Lord, I'm holding nothing back
For Your love, Your love
In Your presence
All my earthly cares fade away
As I vanish into You

Lord I willingly abandon
Everyone and everything
For Your love, Your love
I kneel in humble submission
At the foot of the cross
For Your love, Your love
In Your presence
All my earthly cares fade away
As I vanish into You
