Fishtailin out da parkin lot leavin Magic
Two bad b! tch&s and I got em outta Magic
Da way I make da work disappear call it magic

Wala magic, wala magic, wala magic, wala magic
Fishtailin out da parkin lot leavin Magic

On my way to Ashby I forgot to do my taxes
Call my accountant he gon make it do magic
Had to get a driver just to drop me at the airport
The way I smoke da blunts man I burn em up like

Fishtailin out da parkin lot leavin Magic
Sippin on da purple and da yellow drinkin magic

Billionaire boy that's a true inspiration
Learn to astronaut kid no such things as limitations
Ridin down 20 in the muh-fu&k! n spaceship

Just left Magic in the muh-f-ckin basin
2 b! tch&s trailin in a beemer outta Germany
Got a thing for me, don't wanna think for me
They like my energy lma embassy
I know tricks like Kriss Angel

You'll disappear from yo past life
You'll reappear go outta sight

Fishtailin out da parkin lot leavin Magic
Sippin on da purple and da yellow drinkin magic
