I close my eyes and
Try to see Your face
I close my eyes
Awaiting Your embrace
I close my eyes and
Hear You call my name
Whispering Your
Love for me
I close my eyes and know
That You are near
I close my eyes and
Feel Your presence here
I close my eyes,
You wipe away my fear
By whispering Your love for me
I, I, just wanna say
That You amaze me
I, I, I'm humbled by Your grace, Your mercy
I, I, I can't express how much
I need to hear You
Whispering Your love For me
I close my eyes and
Hide from every care
I close my eyes to
Find that You are there
I close my eyes and
Listen to You Lord
Whispering Your love for me
Your voice moves me
Whisper to me
