I can see your soul

I see your soul
In the dead of night
As you creep inside
Fear grips me tight

I see things at night
Things that creep inside
Creep inside my head

Do you hear me cry? (x3)

Watching my moves
Ready at my side
I'm called to you
You tear inside

Then you move in through
You are deep inside
Hold my hand

Do you hear me cry? (x2)

I can see your soul

Do you hear me cry? (x2)

Inside

Do you hear me cry? (x4)

I can see your soul
