Fondly, you appease the commotion
Yeah, but seldomly does it give you the notion
When efficiency is the king of your motion
Do it anyway, you do it anyway

Echo, goes the info in your head
'Cause you're a techno and you're techno-bled
Beneath the undertow where the rest of you is dead
You do it anyway, you got to do it anyway

Did you lose yourself? Did you leave yourself behind?
Did you lose yourself? Did you let your heart unwind?

Flipside, waking daylight
You're a fisherman
Moving further outside upon the Sea of Japan
Seeing life that you felt
You want it any way, you want it any way

Free life, on the dream-side
You're just a fisherman
Seeing beautiful memories that have always been
And never been
You do it anyway, oh, you got to do it anyway

Did you lose yourself? Did you leave yourself behind?
Did you lose yourself? Did you let your heart unwind?
