I found some peace today  
I grit my teeth  
And swallow all of my pain and selfish pride  
I use to hide behind

Let me out, let me out I'm singing  
Let me out, let me out I'm singing  
I'm a liar and a cheat in prison  
Accused of telling the truth

Let me out, let me out I'm singing  
Let me out, let me out I'm singing  
I'm a liar and a cheat in prison  
Accused of telling the truth

Flames of pain saying, paint my eyes, child I've lost this  
face won't lie  
Time burns my souls decay grey  
Sifting through the smoke and lies  
Swimming exhale our love that's died

First and last ain't ever the same  
So I'll keep on singing this  
I don't care if you're right or if I'm always wrong  
Just want to sing my song before this whole world

Let me out, let me out I'm singing  
Let me out, let me out I'm singing  
I'm a liar and a cheat in prison  
Accused of telling the truth

Let me out, let me out I'm singing  
Let me out, let me out I'm singing  
I'm a liar and a cheat in prison  
Accused of telling the truth

Now and forever, I stand to sever all ties  
And connections with recollections of pain or fear  
Family, society, authority and every peer  
Swallowing tears, lie in my stomach  
I'm getting free-er every second eroding and  
exploding

All these corporate deceptions right here I'm

Metal prison bars block our minds, youth's truth sold,  
televised  
I never bought it and I won't play your games, for fame  
Are we just rats in a pipers tune soothed  
Scraping for cheese in a maze made to lose

No, I'm not and I won't eat your food, subdued  
I don't care if you're right or if I'm always wrong  
Just want to sing my song  
Before this whole world gone, gone now

Let me out, let me out I'm singing  
Let me out, let me out I'm singing  
I'm a liar and a cheat in prison  
Accused of telling the truth

Let me out, let me out I'm singing  
Let me out, let me out I'm singing

I'm, I'm  
I'm, I'm  
I'm, I'm  
I'm, I'm
