"Speak To Me Gently"

Sadness and rhyme, These are the times
These are the memories.
We find a way, Pushing through the day
So speak to me gently.
Can you just feel the time, Falling from some place
new?
Can you just feel the sign, Love waits for you?
Love waits for you.
I'm searching the stars, In desperate hours
Bound to find meaning.
God show me a face, In this desolate place
And tenderness meets me.
Can you just feel the time, Falling from some place
new?
Can you just feel the sign, Love waits for you?
Love waits for you.
Stories untold, Of redwoods grown old
Reside in the forest.
And there you can hear, A whispering tear
That speaks into our loneliness.
Can you just feel the time, Falling from some place
new?
Can you just feel the sign, Love waits for you? (x2)
Love waits for you.
