I can't say what they're gonna do
Got your cards marked
And they're coming for you
Gonna kneel down

Its another lonely winters day
Decembers coming soon
Gonna need your coat
Gonna cut your throat

Gonna lay you down
(Gonna lay you down)
Gonna waste all of your time
(Gonna lay you down, gonna lay you down)

You're old enough to know better
Don't burn by the fire, what goes on inside
When everything is made better
The carnival kids will settle they're laid back in style

I can't say what they're gonna do
Take you to a field
In the car boot
Gonna let you go
(Down, down, down)

Join a freak show
Gonna cut your hair
Gonna loose your mind
Playing truth or dare

Gonna lay you down
(Gonna lay you down)
Gonna waste all of your time
(Gonna lay you down, gonna lay you down)

You're old enough to know better
Don't burn by the fire, what goes on inside
When everything is made better
The carnival kids will settle they're laid back in style

You should be old enough

You should be old enough
You should be

You should be old enough
You should be old enough
You should be

You should be old enough
You should be old enough
You should be
