Into a featureless face, they carve a smile,
Time wasting style, of their own,
Hurry up, we're losing faith,
You have to use your face,
Don't let them lose your face.

She is a great, believer in fate,
She gets upset, when we're not,
Come on, we're losing faith,
She has to use her face,
Don't let her lose her face.

You have to use your face,
Don't lose your face.

Don't let her lose her face.

She's losing faith,
She's losing faith,
She's losing faith,
She's losing faith,
(Woooww!!)
