I will go to another place, nowhere special just another town

You should come to the other place

Make it special and make no loss

Make it special and make no loss

Cover the cost, cover the cost

Cover the cost, cover the cost, cover the cost, cover the cost

Cover the cost, cover the cost, cover the cost, cover the cost

These extra expenses makes brilliant senses

All you have to do is take your chances

Cover the cost, cover the cost, cover the cost, cover the cost

These extra expenses makes brilliant senses, extra extra

These are the things that make it better

Are you ready for the city?

Is the city ready for you?

Don't you know you have to choose?

The city is here for you to use

Are you ready for the city?

Is the city ready for you?

Don't you know you have to choose?

The city is here for you to use

Are you ready for the city?

Is the city ready for you?

Don't you know you have to choose?

The city is here for you to use

Oh, you have to cover the cost, cover the cost

Cover the cost, cover the cost

Cover the cost, cover the cost, cover the cost, cover the cost

Are you ready for the city?

City is here for you to use

Is the city ready for you?
City is here for you to use

Don't you know you have to choose?
City is here for you to use
City is here for you to use
City is here for you to use

City is here for you to use
City is here for you to use
City is here for you to use
City is here for you to use

Cover the cost, cover the cost, cover the cost, cover the
cost
Cover the cost, cover the cost, cover the cost, cover the
cost
