Yeah I know who you remind me of  
a girl I think I used to know  
Yeah I'd see you when the days grow colder  
And those days when it felt like snow

And now I even think she stared like you  
she used to just stand and stare  
And at moments her eyed rolled up to heaven  
make like I just wasn't there

And she used to fall down alot  
That girl was always falling again and again  
I used to sometimes try to catch her  
but never even caught her name

And sometimes we would spend the night  
just rolling about on the floor  
And I remeber even though it felt soft at the time  
I always used to wake up sore

And you know I even think that she smiled like you  
she used to just stand there and smile  
and her eyes would go oh so far away  
and stay like that for quite a while

And I remeber she used to fall down alot  
That girl was always falling again and again  
I used to sometimes try to catch her  
but never even caught her name  
Yes I sometimes even tried to catch her  
but never even caught her name
