teacher for me now  
tell me something i dont know  
give me warning sings  
its a lie i already know  
yeah yeah yeah

tell me stories of old  
about the kings and queens of bold  
teach me lullabies  
and the tales thats never told  
yeah yeah yeah yeah yeah yeah mmm

turn the page  
is there someone else to get you?  
change the channel  
is there someone left behind?  
and watch your words  
cause theres someone else behind you  
lets turn our backs  
its a crime its a crime a crime a crime mm

its a half full glass  
and the bells already told  
its a warning sign  
is my blood really this cold?  
yeah yeah yeah yeah yeah yeah mmm

turn the page  
is there someone else to get you?  
change the ?chime?  
is there someone left behind?  
and watch your words  
cause theres someone else behind you  
lets turn our backs  
its a crime its a crime a crime a crime mm

spin a web to pass the time  
perhaps a call to friends of mine  
and if its all the same to you  
a skin that fables of the past  
all the pieces left behind

begin to tease the peace of mind  
is this how this is meant to be  
broken bones belong to

you dont know me x12

this old disguise has broke your back  
its no surprise they all love that  
you may suppose it brings to you  
the chance to see the world aside

a thousand laughs  
a thousand smiles  
a thousand tears  
your still midfiles  
and wheres the sense in holding on?  
for yesterdays already gone

i tried...already gone...
