I like to see everything unwind, oh ah
Just suppose that you're on my mind, oh ah
I need to sleep but my eyes won't close, oh ah
That's the way you keep me on my toes, oh ah

She needs to go to her home
She needs to show everyone

Rosie's on fire, can you see her?
Rosie's on fire, can you hear her?

Oh ah, oh ah

I need to run but my feet won't move, oh ah
I need to reach but my hands are tied, oh ah

Oh, she needs to go way back home
She needs to tell everyone

Rosie's on fire, can you see her?
Rosie's on fire, can you hear her?
Oh ah, oh ah
Oh ah, oh ah

Rosie's on fire, can you see her?
Rosie's on fire, can you hear her?
