Can't I get just one look  
My name must be last in your book  
I feel emotion  
I feel pain  
What I'd give to see you again

You told me one big lie  
You gave me the "I'll love you till I die"  
Now just look where you are  
Sitting next to her in her car

Whatever she says it goes  
Whatever she does is shows  
In her face I see the sign  
This belongs to her, and he's mine

Don't you realize she's trapped you there?  
She's got you and trapped you in her lair  
Can't restrain but all you need to know  
Is what is she doing and where is she to go?

After all I stood from you, is this the way you treat me  
now?  
After all I stood from you, is this the way you treat me  
now?  
After all I stood from you, is this the way you treat me  
now?  
After all I stood from you, (No, no, is this the way you  
treat me, no)  
Is this the way you treat me now?

Can't I get just one look  
My name must be last in your book  
I feel emotion  
I feel pain  
What I'd give to see you again

I gave you my love some time ago  
I sowed the seeds hoping it would grow  
But then along came her with the knife  
And now there is no afterlife

Whatever she says it goes  
Whatever she does it shows  
In her face I see the sign  
This belongs to her, and he's mine.
