Invisible, the man on the street  
The voice of silence, you don't want to meet  
The homeless, the poor, society's dregs  
The drunk and the junkie, the woman who begs

Old and dying are obsolete  
Children crying in the street  
Drugs abusing, our memory losing  
Invisible are everywhere

Invisible, victims of crime  
Police and villains, wasters of time  
Scapegoats and prodigals, social outcasts  
Lost boys and girls, iconoclasts

Old and dying are obsolete  
Children crying in the street  
Drugs abusing, our memory losing  
Invisible are everywhere

Invisible, the child you abuse  
The people who die for the drugs that you use  
The wife that you batter, the husband you cheat  
The old and the dying, the now obsolete

The now obsolete, obsolete  
The now obsolete, obsolete, obsolete  
Invisible, invisible, invisible

Invisible, the child you abuse  
The people who die for the drugs that you use  
The wife that you batter, the husband you cheat  
The old and the dying, the now obsolete

Old and dying are obsolete  
Children crying in the street  
Drugs abusing, our memory losing  
Invisible are everywhere
