[50 Cent]

Ahhhhhh! G-Unit!

[IntroChorus - 50 Cent]

Baby you got, you got, you got, you got what I want

Baby you got, you got, you got, you got what I need

Now shake that thang

Shake it, shake it, shake it, shake it up

Girl shake that thang

Shake it, shake it, shake it, shake it up

[Chorus - 50 Cent]

Baby you got

Hips that hypnotize

When you walk I can't help but watch you shake

I love the way you shake (Baby you got)

Hips that make a nigga fantasize

I could spend a day lost in your eyes (Baby you got)

Some kind of control on me

Feels like you got a hold on me (Baby you got)

My imagination running wild

Infatuated with your physical, damn, I like your style

[Verse 1 - 50 Cent]

It's something about your style, it's something about
your smile

It's something about you making me want you right
now

If you don't like me, then don't listen to me

Lord knows I spit that G that have you coming out your
clothes

I'm a professional when I become sexual

You need a chaperone to bring your girlfriend next to
you

Don't it sound like phone sex, kinky, when I talk switch
the slang

Partner, tell that nigga from New York, shorty

Come ride on my roller coaster

Porn star stamina, I try not to damage ya

Unlimited tongue action 'til you're climaxin'

Foreplay, you can have it your way

I follow directions, whoa, your jiggling baby

Back shots have your whole back wiggling crazy

After sipping on Nightrain, that potent pipe game

I have you saying "slow down baby"

[Chorus]

[Verse 2 - Young Buck]

Baby it's hard to look and don't touch

Girl the way you strut dressed in your Von Dutch

I don't know if it's your lips or your hips that got me

Or the way that ass bounce when you move your body

I'm parked outside in the blue Denali

There's room for two, just me and you, if you 'bout it
