I Hate Gossip
And I Don't Walk Around Looking For It, You Know?
But, Yesterday It Seem To Just Wonder Around Till It
Found Me
You Know Like Gossip Found Me (Found Me)

Yeah Yeah I Like The Way That Sounds
Na Na Na Now
Yeah Nigga Do You Got A Death Wish
It's Comin Out Your Mouth Like The Ass Gon' Get You
Laid Out So Respect This
Tuck Your Neckless You Fuck Around And Get Found
Cause
There's No Love No
You'll Be Laid Down Blood On The Ground
Yeah You Run Like A Bitch When Your Boys Ain't Around

If Lately You've Been Poppin Shit Then You Should
Press Skip
Cause this is why I flip you're now part of a hit you dig
Since back then gettin props was a thing to do
So everybody want to box with the kangaroo
Like fatboy and the lox just to name a few
You told the story to the cops when they came to you (I
know)
Niggas split the green rock so I changed to blue
Lock box and the drops and the rangers too
I know your wife don't make me pip her and
Break up a happy home cause she thinks I like her
These niggas been around since biggie and ain't blow
yet
Damn how many chances you think you gon' get
Cause I remeber when the suits was shiny
Now they on the fatigue booths and grimey
My backs to the wind and the troops behind me
And if I get jiggy the suits Armani

Nigga Do You Got A Death Wish
It's Comin Out Your Mouth Like The Ass Gon' Get You
Laid Out So Respect This
Tuck Your Neckless You Fuck Around And Get Found

Cause
There's No Love No
You'll Be Laid Down Blood On The Ground
You Run Like A Bitch When Your Boys Ain't Around
[Deathwish Lyrics On]

When you think of the City you think about the unit
The team some of the realest niggas to do it
The drama don't move so I call troops
Id wrather snuff ya try to knock an eye ball loose
Why don't you save me the trouble get real bent
Slip on the steps and break your own fuckin neck
These are shocking words from a punk ass nigga
Tell me to tell 50 what's up ass nigga
Got the hunger for more in this truck ass nigga
Shorts so they used to take his bus pass nigga
I would send him to find ya high off the ganja
Turn the marriott into hotel Rwanda
I could tell that there was niggas that used to smack
you
Cause we don't ask why, we ask who
I done sparrin it's over I'm through
Only reason you don't like it is cause it's about you

Nigga Do You Got A Death Wish
It's Comin Out Your Mouth Like The Ass Gon' Get You
Laid Out So Respect This
Tuck Your Neckless You Fuck Around And Get Found
Cause
There's No Love No
You'll Be Laid Down Blood On The Ground
You Run Like A Bitch When Your Boys Ain't Around
