Everybody say ah, ah
Yeah, its 50 cent
and Lloyd Banks
and Young Buck
Yeah, and Joe
G-Unit!
everybody say (la la la la la la la la la la la)
rock 'n' roll wit ya to the cover
We'll still hit the blocks and I'm sold with you
Can you picture me and you not even friends no crew
We can do whatever you wanna do
I'll take your mind off whatever you going through
Just sit back and relax to the sound of the sax, I'm hood
But that don't mean I ride around with the rats
I work and make the music lose a
Couple pounds in the sack

Look at what we got right here
Such a work of art
Someone I'll give my heart
Do anything that's what I do
Just so that she would be mine
I'll give her all my time
Every part of me my mind
Soul and my body wassup i wanna

[Chorus]
Ride wit u, lie wit u
I wanna move with u, move with u, move with u
I wanna fly with u, ride with u, lie with u
I wanna move with u, move with u, move with u
I wanna ride

Your the type that just don't care
If its you I want
Then I'm gonna come and get you
And see what's really good with you
Please believe I'll take you there
But first let's see if you're intellectual
Matches up with your physical baby

[Chorus]

Come on and ride with a thug we can do what you like
A baller baby you see the blue in my ice
Drop the top and let your head blow back
Them J. Lo jeans girl that ass so fat
Puff know just what to do with all that
Chest to chest so I'll hit it from the back
I do it like a pro won't nobody know
Lets pop some more ride and listen to Joe

I just want to let u know that
That ooo you're so beautiful (you're so beautiful)
And that nothings impossible
The places that we can go (we can go anywhere baby)
I just want to let you know
That ooo you're so beautiful (you're so beautiful)
And that nothings impossible
The places that we can go (we can go anywhere baby)

[Chorus x2]

I just want to let u know that
That ooo you're so beautiful (you're so beautiful)
And that nothings impossible
The places that we can go (we can go anywhere baby)
I just want to let you know
That ooo you're so beautiful (you're so beautiful)
And that nothings impossible
The places that we can go (we can go anywhere baby)
