Waves out on the ocean  
crashin' on the shore

a strong wind blows through our love  
whippin' up a storm.  
When I felt it comming  
it chilled me to the bone

all I wanna do is go out running tonight

breathing fire into the cold unknown.

I wanna run away  
now I wanna stay  
don't know my own heart anymore.  
If I could find peace then I would retrace every step 'til  
the day  
I was born.

I'm gonna rise above this stormy love  
ride it out  
ride it in.  
I'm gonna rise above this stormy love  
I'm not gonna lose again.  
I'm gonna rise above this stormy love  
'cause it's changing again.

I swam out in the ocean of love to soothe my aching  
soul

but warm love is not enough to drown the trouble I hold.  
I gave away the precious things that I should call my  
own  
my heart  
my soul  
my hopes

my dreams and I'm staying at an empty hole.

I recognize the look in these eyes  
I've felt this way before.  
I've gotta face what I can't erase

so these ghosts will return to my door.

I'm gonna rise above this stormy love

ride it out

ride it in.

I'm gonna rise above this stormy love

I'm not gonna lose again.

I'm gonna rise above this stormy love

ride it out

ride it in.

I'm gonna rise above this stormy love.

No other way to win

I got to sink or swim

oh oh

stormy love

could I find love again ?

I'm gonna rise above this stormy love.

I'm gonna rise above this stormy love

ride it out

ride it in.

I'm gonna rise above this stormy love

ride it out

ride it in.

I'm gonna rise above this stormy love

ride it out

ride it in
