And I was all ready on fish and spaghetti

Creep with the culture, rap I can coach ya, attack like a

If I said I get cha, wearing it I'll fit ya, y'all thirteen

If not burn it, get hot like a furnace

We own the city, on the phone with Diddy
Red bone pretty, when she get aroused like to suck her

Watch the task force task for look Marlboro

I be the east side Soprano, Rob Marciano
Flow in their channel with the opposite handle
Forty-five sparks turn your day gray flannel
Snatch the yay of the mantle, the proceed to dismantle

Can't say Rob, how many niggas done tried to play mob
Quit they day job
Tired of putting broke niggas under the wing
If I go to jail again I'm going under the bing

Act like you gonna pull that thing, thing
You the only one who gets played for bling, bling
I represent eight blocks and sing-sing
Almost caught a buck fifty for fucking with Latch in
Killer Queens

Moves for paper, moves no chaser
Bullets out the blazer four-fifths with laser
Come and get your shit splitted, newspapers say I did it
