(1) Everytime I fall for your eyes  
Like the raindrops fall from the sky  
Everytime I hear your name  
In this loving game  
There is something in the way  
Your eyes talk to me  
Just as if they seem to say  
(stay here with me, babe)  
Just as if they seem to say

(stay with me)  
(1)  
All I need is to express it all  
My echo listens  
When I hear myself confess  
(you are my weakness)  
When I hear myself confess  
(you are my weakness)  
(1)  
I say, I say, I say  
(1) 2 X  
(1) Repeat to fade
