what's a man like me have to do to get a real women in
my life...

Been in and out, back and forth, up and down

And I'm trying to spin a new round.

See it starts out good and drops off bad

Now here I am feeling real sad...

Don't wanna talk to nobody.

In my room feeling sorry,

Whose to blame for my own shame.

See all I wanna do is love like love starts out in the
beginning,

And all I wanna feel is my heart pounding whenever
you're with me

This is the realist song I ever wrote and this is coming
from my heart,

It doesn't matter what anyone says cause I shouldve
said it from the start

See I cared for you and I was there for you, and you left
a man standing

The love I had for you was only there for you yet you
chose to break my heart

This is my realist song {x5}

All I need is someone to be there for me...

Never lie or cheat someone who cares for me...

Kind of women who loves unconditionally bet your
bottom dollar satisfaction guranteed

I've been all around the world searching for the kind of
girl I see in my dreams

A girl who cares for me, whose always there for me
who will never ever break my heart...

This is the realist song I ever wrote and this is coming
from my heart,

It doesn't matter what anyone says cause I shouldve
said it from the start

See I cared for you and I was there for you, and you left
a man standing

The love I had for you was only there for you yet you
chose to break my heart

This is my realist song {x5}
